

NAME

w3mman – an interface to the on-line reference manuals via w3m(1)

SYNOPSIS

w3mman [-M *path*] [*section*] *page*

w3mman [-M *path*] -k *keyword*

w3mman -l *file*

DESCRIPTION

w3mman is a pager for manual pages, using **w3m**(1).

OPTIONS

A summary of options is included below.

-M *path*

Specify *path* as MANPATH.

-k *keyword*

Specify *keyword*.

-l *file* Specify a *file*.

ENVIRONMENT

Two variables are available for debugging.

W3MMAN_W3M

If W3MMAN_W3M is set, its value is used instead of @W3M@.

W3MMAN_MAN

If W3MMAN_MAN is set, its value is used instead of @MAN@.

FILES

@libexecdir@/@PACKAGE@/cgi-bin/w3mman2html.cgi

manual page to HTML convertor.

SEE ALSO

man(1), **w3m**(1).

AUTHOR

This manual page was written by Fumitoshi UKAI <ukai@debian.or.jp>, for the Debian GNU/Linux system (but may be used by others).
